What is a Donor Search Microsite?

A donor search microsite is a free, personalized website designed to help patients in need of a transplant find a living kidney donor. It is a valuable tool for sharing your story with a wider audience to support your search for a donor.

Tell your story

Upload personal photos

Receive free business cards and posters with your website address

Get support from donor search coaches

Access additional resources from FindAKidney.com

FIND A KIDNEY®
